

ASSESSMENT

Progress

Your child's progress is continually being assessed through marking of classwork and homework, periodic tests and observation in class.

Reporting Methods

Crown Hills uses a "snapshot" format of reporting. This is a way of recording achievement and progress of students. We also encourage students to do their own self assessment to help them spot their own strengths and weaknesses

The reports are followed by Parents' Consultations when we welcome parents to come and meet tutors and subject staff to discuss the reports and any other concerns about their children's school life.

Parents are, of course, welcome to make appointments to discuss their children's progress at any other times if they feel the need to do so. Please contact the Office and make an appointment.
