1. Aims

This policy statement aims to set out our school's arrangements for managing the access of education and training providers to students for the purpose of giving them information about their offer.

It sets out:

- Procedures in relation to requests for access
- The grounds for granting and refusing requests for access
- Details of premises or facilities to be provided to a person who is given access

2. Statutory requirements

Schools are required to ensure that there is an opportunity for a range of education and training providers to access students in years 8 to 13 for the purposes of informing them about approved technical education, qualifications or apprenticeships.

Schools must also have a policy statement that outlines the circumstances in which education and training providers will be given access to these students.

This is outlined in section 42B of the [Education Act 1997](#).

This policy shows how our school complies with these requirements.

3. Student entitlement

All students in years 8 to 11 at Crown Hills Community College are entitled to:

- Find out about technical education qualifications and apprenticeship opportunities, as part of our careers programme which provides information on the full range of education and training options available at each transition point
- Hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships
- Understand how to make applications for the full range of academic and technical courses

4.3 Granting and refusing access

Crown Hills Community College's Safeguarding Policy states that all visitors to the college will be accompanied by a member of staff. Staff will oversee student/visitor discussion. At all times we will ensure that our students are safe whilst meeting or speaking to external providers. If staff have any concerns, access may be refused. Please speak to our Careers Lead for further information.

4.4 Safeguarding

Our visitor policy outlines the school's procedure for checking the identity and suitability of visitors.

Education and training providers will be expected to adhere to this policy.

4.5 Premises and facilities

Once visits have been agreed, the College will provide appropriate facilities to facilitate the visit, along with any equipment requested by the provider, where it is available. Sessions can be held in different venues according to the number of students and the requirements of the provider. Visits can be in the main hall and delivered to over 240 students, or sometimes in the classroom with a smaller group. We also have the facility to deliver safe personalised sessions. We are happy to work with providers to provide any resources we can that make their visit possible and we are happy to accommodate those that need to bring extra equipment into the Academy in order to showcase what they do.

Providers are welcome to leave a copy of their prospectus or other relevant course literature at reception for the attention of Mrs S Squires. Crown Hills Community College will place the literature in the careers office so it is available to students during the course of or directly after the school day.
