Give 2 strengths of your dish

Give 2 weaknesses of your dish

How much did your product cost to make? List all ingredients and the cost of each. (continue on a separate sheet if needed)

Ingredient	Amount (g)	Cost

Suggest improvements that you could make to your product and explain why it would improve it.

### Bright Spark

Why not create your own evaluation? You could create your own template and write up your evaluation as a report.

Bright Spark

### Think about the following questions:

- How would you improve the dish further?
- What could you do to make it healthier?
- What would you change if you were to make this dish again in the future?
