**Week 1 & 2 Artist Research** – Using your knowledge organiser as a starting point, research into all of the artist's and/or art movements you will be covering in this art rotation. Select your favourite piece of work by 1 of the Artist's to explore a little further.

**Week 3 & 4 Artist Study (Visual Analysis)** – Recreate your artist image so that it is 'like for like' – a replica. Ideally you should complete the whole image. If this is not possible then you could enlarge a section of the artist's work.

**Describe the artwork – Critical Analysis.**  
 What can you see? Remember to answer in full sentences.

**Stretch and Challenge**

Instead of recreating a 'like for like' replica of the artist's work, create an image of your choice in the style of the artist. Imagine you are the artist, what would they paint? How would they create a piece of art work? It should be hard for us to tell that it is not actually a piece of work by your chosen artist. This is called a pastiche.

OR  
 Present your work like a GCSE Art student. Work on cartridge paper to develop a full page artist presentation like the examples you have been shown in class.
